

THE BONE GRIT HISTOREUM

Classroom Final Fun! Your Own Find!

Divide students into Bonds and have them make up their own names, uniforms and logos.

Decorate bottles to create as many Miists as there are Bonds and hide them throughout the school.

Give the Bonds clues, puzzles and riddles to follow that will lead to the hidden treasures. Some clues can have them doing something funny that will then grant them the next clue. Some clues can have them retrieve an object with the next clue inside. Some can have them figuring out a puzzle together or doing a physical activity. The sky's the limit!

Make sure they work as a team and have lots of fun!
